

an internet website will be able to make it possible!

# GROW up your business

by your OWN domain

This is important!

WWW.com

Today, a website is a part of important business tools. It's so important and popular for today's business. You probably have steady customers and clients already in your town. To expand the business more, advertisements will be needed. But the cost is a problem.

Use WWW website is the best way to advertise your better business with less costs than TV, newspaper or magazine and so on. It's not only in your town but for surrounding wide area, 24 hours a day, 7 days a week.

**BEST CHANCE TO HAVE IT !!!** from as low as **only \$3.00 a day** for your own domain name and the website **Pay minimum and expect maximum results !!**

## YOUR OWN WEB SITE will be on the Internet within a WEEK

There's a lot of possibility, if you launch a website!

We do all steps you'll need as follows in one package. You'll have your own web site on the internet without any extra.

- ★ Get your own domain name (exact or alternate)
- ★ Domain name registration (for a year)
- ★ Design your web site
- ★ Launch your web site on the internet
- ★ Renewal information occasionally (if needed)
- ★ Maintenance web based e-mail accounts

All of these services cost only \$3.00 for a day.

You'll do nothing, but just give us your business informations for the website construction. \$3.00/day is a limited time one year special discount contract. We believe that the three pages will be good enough at the beginning. Whenever you need more, you can make it 5, 10, 15 pages or more. An important thing is to get your domain name as early as possible or a domain name close to your business name will run out. Why is it? Because there's people who collect many domain names for a money. \* This discount contract includes all the costs to launch for three pages website on the internet. There's no additional charge at all.

*Opening ceremony special  
a limited time offer  
expires 11/30/2005  
50% OFF Reg- \$3.00*
